

# FOURTH ANNUAL CONVENTION

Apply to be a delegate at the ONE  
by ONE Convention starting Nov. 2

Public education advocates from all over Duval County will unite for an exciting day to move public education forward! Plan to join us for deep conversations on the state of our public schools, breakout sessions tailored to your area of interest and, most importantly, planning for action in 2016. Leave the day energized and empowered to make change in the new year, and connected with others who are working to ensure that every child in our city receives a high-quality education.

## ○ BECOME A DELEGATE

Delegates at the ONE by ONE Convention are passionate public education advocates who want to collaborate with a diverse group of people to bring about positive change in public education. Apply today! Seating is limited, so submit your application starting November 2, 2015 at [jaxpef.org/convention](http://jaxpef.org/convention).
